NOTICE

College administration has received information about the students of BCE Bhagalpur, residing in the college hostels, frequently visiting and bathing in the river Ganges near the college campus. The ghats near the college campus are very dangerous and some sad incidents of our students drowning in the river Ganges have also taken place in the past. All the students are strictly prohibited from visiting and bathing in the river. The college administration shall not be held responsible for tragedies occurring due to non-compliance of this notice.
