NOTICE

To protect one's own work is extremely necessary in the current competitive scenario. The knowledge of Intellectual Property Rights and Patent Laws are very important for the innovators as most of the beginners lose their work due to lack of IPR knowledge.

All students are hereby encouraged to register and earn certificates in online courses available on Swayam/NPTEL portal.

The following online courses are available now:

1. Patent Law for Engineers And Scientists
2. Patent Drafting for Beginners
3. Roadmap for Patent Creation
